

EXTENDING THE GROWING SEASON

Get More from your Garden all year

List of Resources

Growing seasons in Ontario:

[OMAFRA Climate zones and planting dates in Ontario](#)

This website provides detailed information about when specific vegetables can be planted in the garden based on your location in Ontario.

For inspiration:

[The Year Round Vegetable Gardener](#)

This is a blog about a gardener in Nova Scotia. She is in the same zone as London, making it full of useful information.

Cold frame and hot bed construction

[Missouri State University](#)

[Cornel Cooperative Extension](#)

Both of these sites provide detailed information and plans on how to construct cold frames or hot beds.
